

Information Session on Carer and Consumer Peer Worker Vacancies

In recent years more and more organisations within our mental health system have started to employ people specifically for the expertise they've developed through their personal experience of mental ill-health and recovery, as a consumer or carer. These jobs are referred to as 'peer worker' roles and this growing part of our workforce is referred to as the 'peer workforce'.

The *Tasmanian Health Service* will hold an information session for the following full or part time positions for Glenorchy and Northern Districts Adult Community Mental Health Services:

- Carer Peer Worker ([523876](#))
- Consumer Peer Worker ([523979](#))

Thursday 31st October 2019 (4-5 pm)

mental health families and friends Tasmania, Ground Floor, [2 Terry Street](#) Glenorchy

SA Mental Health Commission
