

# Conversations with Mental Health Services

In 2019, the Tasmanian Government started the Tasmanian Mental Health Reform Program. In 2020, the Tasmanian Government also released its reform agenda for the Alcohol and Other Drug Sector in Tasmania. This means that we will start to see some changes in the services we access as support people.

Join us to chat about changes to mental health and alcohol and drug services in Tasmania.

This is a free event.

Light refreshments will be provided.

You can attend in person, or online!
